Disclosure of manifests is wrong
- Open govt.
- Criticized for not

Creathy records is wrong
- FOIL is floor not ceiling
- Past practice -> Dicks
- Open govt. ~~too~~ for travel manifests

There was surveillance

- There was not
- No ~~reports~~ daily reports
- No case #
- No photos / video
- Not even security
- "Carroll Transportation" and ^{Was this warranted?} ~~minimal - too minimal~~ recordings
- Minimal - too minimal - record kept for audit trial purposes.

State Police should not be providing real time updates re Bruno's whereabouts.

- Apoc. Unseconf. Appearance of impropriety.
Press office should never have put SP in that position.

What should Gov's Office have done?

- He? → No jur. over legislators // Maybe called in to do report / type and it
- Call Gov's office?
- Let it go??? Poor govt stewardship
- Put in audit trail records?
- Call in Comptroller?
- Prob should have done more than just respond to press inquiries.

Why were records created?

- Embarrassing in the first place that no records exist //
- Look into that?
- Why were itineraries discarded (Govs are not → were produced)
- One would think that there would be records.

~~One should to make provisions~~

~~to make provisions~~

- → Human nature when getting a request from above is not to say "we don't have it." It's to provide it. Esp. to Supt.
- Fly speck → genuine issues of care, natural disasters, flood.
- Email records of that day.

What is appropriate action.

- Stop Frels don't hear out :/ ;
