INTRODUCTION

Section 94(9)(l) of the Executive Law and § 1-d(g) of Legislative Law 1-A (the “Lobbying Act”), mandate that the Joint Commission on Public Ethics (“Commission”) annually report on and summarize its activities. In accordance with the law, the Commission issues this report for the calendar year 2018 including data relating to ethics and lobbying regulation.

In 2018, aggregate spending on lobbying hit an all-time high of nearly \$262 million, an increase of more than \$21 million over 2017. While the number of lobbying registrations was down slightly as compared to the prior year, there was a significant increase in the number of client filers (nearly 1,000 more over 2017). Spending on compensation paid to retained and employee lobbyists increased to \$234.3 million, about \$13 million more than what was spent in 2017.

As has been the case in recent years, the list of top ten highest lobbying spenders was not dominated by a single industry, but rather a combination of representatives from typically active industries, i.e., health, real estate and construction, education, and organized labor. The top spending entity was Uber Technologies, Inc., which spent more than \$5.9 million on its lobbying efforts on issues including ridesharing, for-hire vehicle services, transportation policy, and technology policy. New to the top 10 this year were the New York State Laborers-Employers Cooperation & Education Trust (2018 was the first year it has filed) and the New York State Nurses Association.

Separately, in conjunction with this annual report, the Commission will publish the complete data filed by lobbyists and their clients for 2018 in spreadsheet format on its website, jcope.ny.gov. Additional summaries of lobbying data are included in this report. The full 2018 listing of lobbyists and public corporations and their financial data is attached hereto as Appendix C.

The report also highlights some of the Commission's achievements and successes in the areas key to its mission – education, regulation, and enforcement activities.

In 2018, following extensive hearings, public outreach, and solicitation of comments under the State Administrative Procedure Act, the Commission adopted the first set of comprehensive lobbying regulations in New York history, which became effective on January 1, 2019. Coinciding with the promulgation of the new regulations, the Commission developed and introduced a new lobbying application for filing online and viewing lobbying data. The new application will streamline filing and improve search functionality for the public, increasing transparency.

During the year, the Education Unit conducted numerous ethics training programs for financial disclosure statement filers, State agency ethics officers, and lobbying entities, gearing such outreach to the unique needs of agencies and those subject to the Commission's jurisdiction; Commission staff handled hundreds of requests for advice and guidance; and the Commission issued a formal Advisory Opinion clarifying years of previous advice on applying the post-employment restrictions to former public officers. Commission staff also actively initiated and continued to pursue investigations and enforcement actions for alleged violations of Public Officers Law and the Lobbying Act.

In late 2018, the Commission discussed a proposed legislative amendment to increase transparency around its investigative function by giving the Commission more discretion to make investigative matters public. That amendment was formally submitted to the Legislature and the Executive for consideration in early 2019.

In addition, the Commission maintains on its website a set of recommendations for other proposed legislative amendments that were drafted by staff either earlier in 2018 or in 2017. Those proposals can be found on the Commission's website, jcope.ny.gov; go to the "Laws" main menu tab, then click on "Proposed Legislative Amendments" in the drop-down menu below that tab. As such, additional recommendations are not included with this report.

THE JOINT COMMISSION ON PUBLIC ETHICS

The Public Integrity Reform Act of 2011

The Commission was formally constituted in December 2011 by the Public Integrity Reform Act (“PIRA”) to oversee and regulate ethics and lobbying in New York State. The Commission has broad regulatory authority over the four statewide elected officials, candidates for those offices, Executive branch employees, members of the Legislature, candidates for the Legislature, and Legislative branch employees, as well as certain political party chairs, and registered lobbyists and their clients.

The Commission consists of 14 members, three appointed by the Republican Leader of the Senate; three appointed by the Democratic Leader of the Assembly; one appointed by the Democratic Leader of the Senate; one appointed by the Republican Leader of the Assembly; and six appointed by the Governor and the Lieutenant Governor. The Commission chairperson is selected by the Governor. Commissioners serve five-year terms as set forth in Executive Law § 94.

The Commission must meet, at a minimum, bi-monthly, but in practice, it meets regularly on a monthly basis, and appoints an executive director to run the functions and administration of the agency.

Structure and Staffing of the Agency

The Commission maintains a statewide presence with offices in Albany, New York City, and Buffalo, extending its coverage to the tens of thousands of State officers and employees, legislative members and employees, and registered lobbyists and clients located throughout the State.

The Commission currently has approximately 55 employees, including attorneys, investigators, auditors, filing specialists, and administrative staff. The agency and its staff is organized into five divisions consistent with its multiple statutory and administrative functions to maximize productivity and efficiency. Each division is overseen by a director, and each unit by a deputy director.

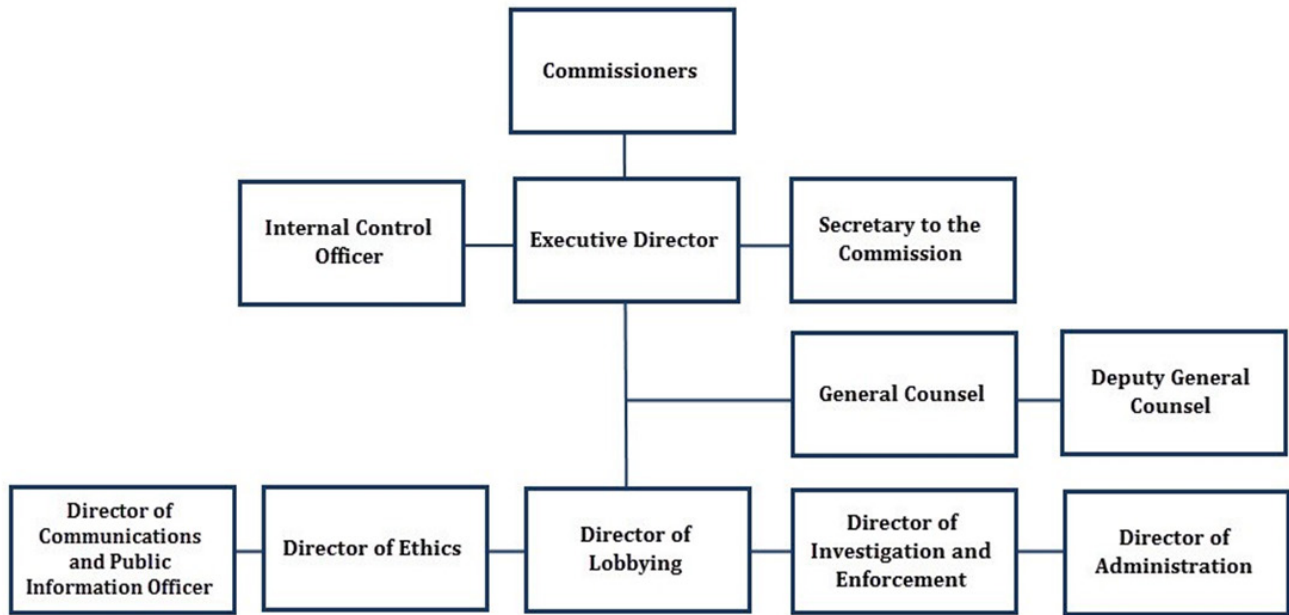

- 1) The Ethics Division is made up of two main units, Guidance and Financial Disclosure Statements, each of which is headed by a Deputy Director. The Guidance Unit manages the advisory function, providing advice to the State officers and employees who seek guidance in complying with the ethics laws. This function includes providing daily guidance to the regulatory community, drafting regulations and guidelines to clarify ethics issues, and developing educational material on the ethics laws. The Financial Disclosure Statement Unit administers and seeks compliance with the financial disclosure program under Public Officers Law § 73-a that provides the public with information about the outside financial interests of public officials and employees;

- 2) The Lobbying Division also consists of two main units, Statutory Filings and Guidance, each headed by a Deputy Director. The Statutory Filings Unit administers and seeks compliance with the disclosure requirements of the Lobbying Act. The Guidance Unit provides daily guidance in the form of advisory opinions, informal advice, regulations, instructions and educational materials to assist the regulated community in understanding its obligations, and to assist the public in accessing information about the entities that are attempting to influence government decisions;

- 3) The Investigations and Enforcement Division handles the intake and review of complaints alleging violations of the Public Officers Law, Lobbying Act and the Civil Service Law, conducts substantial basis investigations commenced by the Commission, and represents the Commission before an independent hearing officer adjudicating appropriate penalties for violations of the relevant provisions of the law;
- 4) The Communications and Public Information Division oversees the Commission's external communications, the release of public information, content on the Commission's website, requests for public records, and public meetings; and
- 5) The Administration Division manages the Commission's day-to-day administrative needs, including office management, financial transactions, and personnel matters.

Two units are shared between the Ethics and Lobbying Divisions: Education and Compliance Audit and Review. The Education Unit develops and presents the mandatory ethics training programs for State officials and lobbyists as well as other curriculum designed to provide specific guidance on additional topics. The Compliance Audit and Review Unit conducts the statutory random audit program to ensure compliance with the Lobbying Act and establishes and conducts reviews of the financial disclosure statements filed with the Commission.

The current executive team consists of Monica J. Stamm, General Counsel, Martin Levine, Deputy General Counsel, and the following division directors who report to the Executive Director: Stephen Boland, Director of Administration; Pei Pei Cheng de-Castro, Director of Investigations and Enforcement; Keith St. John, Director of Ethics; and Walter McClure, Director of Communications and Public Information Officer. Carol Quinn, Deputy Director of Lobbying Guidance, is managing the Lobbying Division.

GUIDANCE AND OUTREACH

The Commission provides regular guidance to public employees and officials, lobbyists, and lobbying clients who are subject to the Commission's jurisdiction. Commission staff and counsel interact with the regulated community on a daily basis, answering questions and addressing issues in both formal and informal communications. In addition, the Commission periodically promulgates regulations and guidelines to clarify and amplify provisions in the ethics and lobbying laws. The Commission also provides various training programs to the regulated community and maintains a website with resources as well as access to tens of thousands of publicly available filings, including certain public officials' financial disclosure statements and data filed by lobbyists and their clients.

Guidance and Advisory Opinions

Pursuant to Executive Law § 94 and Legislative Law Article 1-a (Lobbying Act) § 1-d, the Commission issues formal Advisory Opinions that apply the Public Officers Law or the Lobbying Act to a specific issue or set of facts. These opinions, which are issued upon a majority vote of the Commission, bind the Commission and any individual who requested them, provided the individual acted in good faith and neither omitted nor misstated material facts.

In addition, Commission staff provides informal opinions, upon request, on questions where formal opinions have already established precedent. Most commonly, staff responds to inquiries regarding restrictions on post-State employment. Individuals who receive staff's informal opinions, which are confidential, may request a formal Advisory Opinion from the Commission. Commission staff also reviews and approves requests from certain State officials to engage in an outside activity, and to accept honoraria or reimbursement from non-State entities for travel expenses related to official duties.

In 2018, the Commission issued one formal Advisory Opinion, and Commission staff provided written guidance in response to approximately 516 inquiries, including requests

for informal opinions regarding the post-employment restrictions; gifts to State employees and agencies; conflicts of interest; outside activity approval; official activity expense payment and reimbursement approval; and other matters.

The Commission issued Advisory Opinion No. 18-01 after reviewing and considering numerous prior inquiries, formal opinions, and informal opinions, to resolve ambiguities that may have accrued over the years in applying the post-employment restrictions and to provide clear guidance to public officers on the statutory limitations on post-employment activities. These ‘revolving door’ limitations promote the public’s confidence in State government by preventing former State employees from unfairly leveraging relationships and knowledge developed during their State employment to unjustly benefit themselves or others.

Given their nature, these restrictions are also of significant interest not only to former, current, and future State employees, but to entities that hire such individuals after State service, as well as to the public. Advisory Opinion 18-01 better aligns day-to-day practice under the Public Officers Law with the statute’s underlying policy objectives. The opinion will ensure that the law’s post-employment provisions do not unduly restrict an individual’s ability to engage in his or her vocation when such restrictions are neither needed nor required under the law to protect the integrity of and public confidence in government.

With respect to the two-year bar, the Commission will, going forward, interpret and apply the ‘appear or practice’ clause to prohibit communications and actions that are intended to influence a former State employee’s former agency to make a specific decision or to take a specific action. Similarly, the Commission will interpret the ‘backroom services’ clause to prohibit being compensated for rendering services to a person or entity in connection with a matter before that person’s former agency with respect to a decision by the agency that advances its mission.

The lifetime bar prohibits a former State employee from receiving compensation for services rendered in relation to a specific matter or project in which the individual was personally and directly involved while in State service. This can be a particularly onerous prohibition since it never expires, and the Commission’s precedent has long recognized the need to

narrowly define the ‘matter’ or ‘project’ at issue in order to avoid an overbroad application of the restriction.

Experience has shown, however, that while most matters or projects may be sufficiently discrete to constitute a single transaction for lifetime bar purposes, some are simply too large or broad to apply the concept mechanically across the board. Accordingly, when determining whether a former State employee’s proposed service is sufficiently ‘in relation’ to a matter or project the individual was involved in during State service to implicate the lifetime bar, the Commission will consider: (1) the general nature of the project; (2) the phases of the project involved; (3) the nature of the work performed as a State employee and the nature of the work proposed to be performed; (4) the extent to which the proposed work constitutes a continuation of the earlier work; (5) the identities of other persons and/or entities directly involved in the earlier work and in the proposed work; and (6) intervening changes in design, methods, or technology. These commonsense factors will serve as meaningful guideposts to State employees, private employers, and the public for what constitutes post-State employment ethical conduct.

The full text of this and other Advisory Opinions is available on the Commission’s website at jcope.ny.gov (go to the ‘Laws’ tab and click on the ‘Advisory Opinions’ tab in the drop-down menu).

Development of Regulations and Guidelines

As more fully discussed in the Lobbying Overview portion of this report, the Commission adopted comprehensive lobbying regulations in 2018. These rules mark the first time that existing guidelines and decades of advisory opinions will be compiled in one place in New York. Designed to provide clarity and close loopholes that have evolved over time, the regulations create reporting rules and procedures that capture more and better information about the targets and beneficiaries of lobbying activities.

Training and Outreach

Outreach and responsiveness to the education and training needs of the regulated community continued to be one of the JCOPE’s highest priorities in 2018.

The Commission's Education Unit provides a comprehensive and dynamic educational program for public officers and employees, lobbyists, and clients of lobbyists to ensure they are fully informed about the State's ethics and lobbying laws, regulations, and guidelines. Among other things, the Education Unit develops instructor-led trainings on the State's ethics and lobbying laws, designs web-based programming on a variety of topics, and produces a library of written educational materials that are available on the Commission's website. In September, JCOPE hosted a Lobbying Overview Training for Lobbyists, Clients of Lobbyists, Public Corporations, and other interested parties regarding the Commission's Comprehensive Lobbying Regulations, which took effect January 1, 2019. Approximately 650 individuals attended that training in person and via a live webinar.

In October, JCOPE hosted its second annual ethics conference in conjunction with New York Law School on the topic of "Lobbying in New York - Promoting Transparency and Protecting Free Speech" for nearly 180 individuals from the regulated community. The event featured remarks from law professors Maggie McKinley and Richard Briffault and included a panel discussion regarding the intersection of Lobbying and the First Amendment, as well as a presentation reviewing key highlights of JCOPE'S Comprehensive Lobbying Regulations and new reporting requirements.

Ethics training is mandatory for State elected officials, officers, and employees who are required to file an FDS with JCOPE. FDS filers include policymakers and those State officers and employees earning above a certain salary threshold. In 2018, the Commission directly, and in partnership with agency ethics officers and other designees around the state, provided mandated trainings to nearly 7,000 filers. Beginning in September 2017, the Education Unit launched a new compliance program, issuing monthly electronic reminder notices to filers who require ethics training. As a result of that new program, nearly 4,000 filers were found to be overdue for training. By December 15, 2018, that number was reduced by nearly 78 percent, to 1,086 delinquent filers.

Executive Law § 94 requires that JCOPE create and conduct three ethics trainings for FDS filers. The first, the "Comprehensive Ethics Training Course" (CETC), is a two-hour, CLE-accredited, live training for FDS filers that must be taken within two years of the date the

FDS filer began qualifying employment. The Education Unit presents the CETC to FDS filers statewide at our Albany, New York City, and Buffalo offices. JCOPE provides “Train-the-Trainer” materials to agency ethics officers and trainers from New York State agencies, public authorities, commissions, councils and boards (collectively known in the law as “State Agencies”), who in turn train their employee filers.

In 2018, 2,705 filers completed the CETC in person either through their respective agencies or at one of the JCOPE offices. The Education Unit also conducts specialized trainings for individual agencies through live training and works closely with agency ethics officers to assist in maintaining and monitoring compliance with the CETC requirements. In 2018, JCOPE provided specialized CETC sessions to the Department of Motor Vehicles, the Executive Chamber, and the Governor’s Office of Employee Relations. Agencies continue to reach out to JCOPE for agency-specific ethics programming.

The second mandated ethics training for FDS filers, the “Online Ethics Orientation,” represents an expansion for the Commission into interactive web-based training. Utilizing the Statewide Learning Management System, State officers and employees may conveniently access this online training at their workstations. The Online Ethics Orientation must be completed by State officers and employees newly subject to the FDS filing requirement within three months of qualifying employment, unless they have taken the live CETC first. Nearly 840 filers completed the Orientation in 2018.

The Ethics Seminar, the last of the three mandated trainings, provides an overview of changes in the relevant laws, regulations, and policies, and includes a question-and-answer session. Since its introduction, the Commission has presented one CETC and one live Seminar session each month. In addition, as noted, JCOPE provides “Train-the-Trainer” materials to agency ethics officers and trainers, who in turn provide that training to their employee filers.

After FDS filers have taken the CETC, they are required to take live ethics training every three years. To satisfy that requirement, FDS filers may complete either the CETC or the Ethics Seminar. The first year that the mandated refresher training was due for most State officers and employees was 2016. More than 3,000 filers took some form of refresher training in 2018.

Members and staff of the Legislature are also required to complete ethics training. A mandatory ethics training program was implemented by the Legislature pursuant to Executive Law § 94(10)(d) and Legislative Law § 80. This training program was provided by the Legislature, assisted by the Legislative Ethics Commission (“LEC”). Additionally, the LEC has developed and fully implemented an online ethics orientation course which all new legislative employees are required to complete within three months of being hired. As of the date of this report, all legislators are in compliance with statutory training requirements; newly elected legislators have received either an orientation or comprehensive training and all are expected to have completed comprehensive training by May of this year. The vast majority of legislative employees, nearly 90 percent overall, have completed ethics training, with additional comprehensive ethics training for employees continuing through the year.

Ethics training is also required for New York State registered lobbyists. The Commission provides an online training course called “Ethics for Lobbyists.” In accordance with the Lobbying Act and the Comprehensive Lobbying Regulations, this interactive training provides an overview of State laws concerning ethics, including the Public Officers Law, the Lobbying Act, and the Election Law, and must be completed by registered lobbyists once every three years, either within 60 days of their initial registration, within three years of the first or subsequent completion of the training, or, if there is a lapse in registration, within 60 days of re-registration or three years from the last date training was completed, whichever is later. As of this report, more than 5,600 lobbyists have completed the ethics training program.

In addition to efforts directly related to the development and presentation of training programs, the Education Unit continues to solicit information and ideas from the regulated community. JCOPE staff held three Ethics Forums in 2018 with agency ethics officers to discuss FDS system functions, navigating the new JCOPE website, and personal business matters involving the State.

Website

The Commission launched a new more user-friendly version of its website, jcope.ny.gov, in April 2018. The site provides enhanced search and other functionality to give the regulated community, general public, and members of the media better access to information about the laws and regulations the Commission enforces, links to formal advisory opinions issued by the Commission, a library of materials for training and guidance, information concerning Commission enforcement actions, portals to the online lobbying and financial disclosure statement filing systems, and more convenient methods to submit sworn complaints or tips about potential ethics or lobbying violations.

The website also makes publicly available tens of thousands of disclosure filings submitted by lobbyists and clients to give New Yorkers meaningful information about those trying to influence government decisions. It also provides the public with access to data filed by lobbyists and their clients from 2011 to the present in a downloadable spreadsheet format, as well as the financial disclosure statements of the four Statewide elected officials and all members of the Legislature.

LOBBYING OVERVIEW

Overview of Developments in 2018

On April 24, 2018, the Commission adopted comprehensive lobbying regulations (at a new Part 943 of Title 19 of the New York Codes, Rules and Regulations), and amended the Commission’s Source of Funding Regulations (at Part 938) to conform to the new lobbying regulations.

These actions marked the culmination of nearly two years of regulatory development and outreach, including two public hearings undertaken by the Commission seeking input from the lobbying community, good government groups, and the public. The process began with a draft proposal first introduced in the fall of 2016, followed by the publication of a Notice of Proposed Rulemaking in August of 2017 and a Notice of Revised Rulemaking in February of 2018. Part 943 and the amendments to Part 938 became effective on January 1, 2019. The Commission, in essence, went beyond the minimal requirements of the State Administrative Procedure Act in the promulgation of the regulations to maximize public participation in the process and overall transparency. The comprehensive lobbying regulations represent the Commission’s statement on how it intends to administer and enforce the Lobbying Act.¹

The regulations provide a “one-stop shop” for the rules and requirements associated with lobbying in New York. By clarifying existing law and practice, addressing new regulatory issues and closing loopholes that have evolved over time, the regulations will improve compliance with the Lobbying Act while providing the public with more and better information about lobbying activities. For example, lobbyists will no longer be able to report lobbying “the Senate” or “the Assembly” on a particular issue; instead, they must indicate the name of the particular legislator or legislative office, or the name of the particular legislative committee that they lobbied on a particular issue.

¹ The only legal challenge to the Commission’s authority to issue the regulations was voluntarily discontinued with prejudice.

The regulations interpret and apply existing statutory law through the application of certain concepts, including the specific identification of the “beneficial client” and “contractual client” in a lobbying arrangement. Designed to prevent entities from hiding their sources of funding through the use of intermediaries between the lobbyist and the true beneficiary of the lobbying, the regulations provide that source of funding disclosure requirements attach to the beneficial client, not the contractual client. Likewise, the regulations make explicit that enforcement and ethics provisions in the Lobbying Act, such as the gift restrictions and contingent fee prohibition, also apply to beneficial clients.

The regulations address the use of ever-changing technology in conducting lobbying campaigns, including social media. The regulations clarify requirements related to coalitions, lobby days, and industrial development agencies. They also streamline reporting requirements, providing more clarity about the requirements related to consultants, direct lobbying, grassroots lobbying, sources of funding, and reportable business relationships. Memorializing these interpretations and applications of the Lobbying Act as regulations under New York law provides practitioners and the public with greater notice and also permits amendment of the regulations as needed.

In addition to adopting comprehensive lobbying regulations, the Commission neared the completion of its new online Lobbying Application. The new filing system is designed to capture the information required by the new lobbying regulations, streamline reporting, and significantly improve transparency through enhanced search functionality. To allow filers to submit lobbying registration statements for the 2019 calendar year, and to coincide with the January 1, 2019 effective date of the new lobbying regulations, certain modules of the new Lobbying Application launched in late 2018. All remaining filings for the 2018 calendar year were submitted under the existing lobbying application. The implementation of the application will be ongoing through 2019, and the Commission will continue to improve reporting on lobbying data and make changes to reflect feedback received from those using the system.

As required by § 1-d(b) of the Lobbying Act, the Commission conducts a Random Audit Program which provides an independent and objective evaluation of reports and

registration statements filed by lobbyists and their clients. The random selection of audits is done by an outside consulting firm, and a different outside accounting firm certifies that the Commission's Random Audit Program complies with the Lobbying Act. In 2018, the Random Audit Program conducted 750 audits, up from 550 in 2017. Those audits generated 429 findings and recommendations to improve filing or recordkeeping procedures, or to file amended reports to correct discrepancies uncovered in the audit process. Lobbying filings were amended as necessary to address the Audit Unit's findings.

2018 Lobbying Data

Participation in lobbying reached record levels in 2018 with 7,790 individual lobbyists reported on 5,334 lobbyist registrations filed with the Commission. Those registrations reflected representation of 5,041 clients, which was a significant increase over the 4,104 total clients reported in 2017. In addition, 102 public corporations registered and filed as lobbyists or filed reports as clients of lobbyists. (Lobbying Act §§ 1-c(i), 1-e, and 1-i).

- In 2018, approximately 99 percent of lobbyists and 58 percent of clients used the online filing system to submit their registrations and reports.
- The online application automatically notifies filers of required fields that are missing information before submission and prompts the filer for corrections. This has significantly reduced manual processing by staff.

Staff continued to encourage lobbyists and clients to use the online filing system. Electronic filers are able to view the status of their filings online and make necessary changes immediately.

All filings received by the Commission are reviewed for completeness. In 2018, more than 53,000 filings and lobbying contracts were reviewed and processed.

The Commission's oversight also extends to lobbyists and clients attempting to influence any local law, ordinance, rule, regulation or rate pending before certain municipalities or its subdivisions. (Lobbying Act § 1-c(c)(v), (vii)-(x)). A total of 729 registrations were filed for lobbyists active on only local issues, up from 578 in 2017. Representing an increase of nearly

26 percent, 2,962 registrations were filed for lobbyists active on both local and State issues compared to 2,352 in 2017. The Commission's jurisdiction also extends to procurement lobbying on the State and local level. Approximately 16 percent of all lobbying registrations reported at least some procurement lobbying activity.

After two years of relatively unchanged aggregate spending, 2018 saw record-breaking spending on lobbying with \$261.2 million being spent in total, representing an increase of more than \$21 million (approximately 9 percent) over 2017 spending of \$240.1 million.² Spending on compensation paid to retained and in-house (employee) lobbyists was \$234.4 million, a \$13 million (almost 6 percent) increase over 2017. Reported advertising expenses were more than \$15 million, an increase of more than 133 percent over 2017. Event-related expenses also jumped nearly 79 percent to \$842,078. Both of those figures had been down significantly in 2017 as compared to prior years.³

The list of top 10 highest lobbying spenders was once again dominated by traditionally active industries, i.e., organized labor and health care, although the top spending entity is not part of those industries. Uber Technologies, Inc. and Affiliates spent more than \$5.9 million in 2018, followed by 1199 SEIU Labor Management Initiatives, Inc. Healthcare Education Project, Greater New York Hospital Association, Inc. (2017's top spender), New York State Laborers-Employers Cooperation and Trust (which filed for the first time in 2018), and the New York State Nurses Association. Rounding out the top 10 were the New York State Trial Lawyers Association, United Federation of Teachers, New York State United Teachers (NYSUT), AARP, and Healthcare Association of New York State. In addition to being the dominant industry among the biggest spenders, health & mental hygiene remained the most active industry for **all** lobbying, reported on nearly 19 percent of registrations, followed by real estate & construction at almost 16 percent of all reported lobbying.

² All statistics discussed in this report are based on lobbying filings processed by the Commission as of March 22, 2019.

³ In compiling and analyzing data from lobbying filings, it has been noted that the aggregate amounts reported being received by lobbyists exceed the aggregate amounts reported being spent by lobbying clients. This disparity can be attributed to a series of factors, including: lobbyists possibly incurring overhead-type expenses that are *not* billed to clients, and thus not reported on client filings; as a result of differing accounting methodologies, lobbyists may report amounts that were accrued or billed to clients, while clients may have reported only amounts that have been paid; or clients may have failed to submit required filings. To the extent it is due to missing reports from client filers, the Commission is engaged in active outreach and compliance efforts to ensure that those reports are submitted.

The 10 highest-spending lobbying entities spent more than \$23.4 million, or about 8.9 percent of all lobbying spending for the year. Among this group, more than 57 percent of total spending was on advertising; four of the top five allocated more than 75 percent of their spending to advertisements. By comparison, total lobbying spending across the board was split 89.6 percent to compensation and 10.5 percent to expenses. Thus, at the very highest levels, spending is allocated more for advertisements, while the industry as a whole continues to operate with its expenditures heavily dedicated to lobbyist compensation.

The list of top retained lobbyists was again led by Kasirer LLC, followed by Brown & Weinraub, PLLC, Bolton St. Johns, LLC, Greenburg Traurig, LLP and Hinman Straub Advisors LLC. Manatt Phelps & Phillips, LLP dropped out of the list of top 10 firms in 2018, while Mercury Public Affairs, LLC entered the top 10. The largest retainer, \$3,556,401, paid from 1199 SEIU Labor Management Initiatives, Inc. Healthcare Education Project to SKDKnickerbocker LLC, primarily reimbursed the lobbyist for media buys related to health issues.

As discussed above, the filings submitted pursuant to the disclosure requirements under the Lobbying Act are available on the Commission's website, jcope.ny.gov; click on the 'Public Data' card on the homepage, then click the 'Lobbying Data on Demand' button. The Commission will continue to ensure compliance through training and outreach, as well as audits and enforcement actions.

By law, the complete 2018 listing of lobbyists and public corporations including compensation and reimbursed expenses is attached hereto as Appendix C. Separately, in conjunction with this annual report, the Commission will publish in spreadsheet format on its website the complete data filed by lobbyists and their clients for 2018. These spreadsheets give the public ease of access to, and the ability to perform custom analyses of, the data thereby increasing transparency.

FINANCIAL DISCLOSURE

To maintain the public's trust and confidence in government through disclosure and to aid in preventing corruption, favoritism, undue influence, and abuses of official position, certain public officers and employees are required to file an annual Financial Disclosure Statement (FDS) with the Commission, pursuant to Public Officers Law § 73-a and Executive Law § 94.

Overview of Annual Financial Disclosure Statements

Public Officers Law § 73-a requires State officers or employees who receive annual compensation in excess of the filing rate of a CSEA SG-24 (which was \$97,448 in 2018), or who hold a policymaking position as determined by their appointing authority, to file an FDS. This requirement applies to: heads of State agencies and their deputies and assistants; officers and employees of statewide elected officials; officers and employees of State departments, boards, bureaus, divisions, certain commissions, councils, and the State University of New York and City University of New York; members or directors of public authorities, other than multi-state authorities, public benefit corporations, and commissions at least one of whose members is appointed by the Governor, and employees of such authorities, corporations, and commissions. The four statewide elected officials (Governor, Lieutenant Governor, Attorney General and Comptroller), the state chairs of recognized political parties, and certain county chairs of these parties are also required to file an FDS.

The Commission also has authority to enforce this requirement with respect to legislative members, candidates for those offices, and legislative staff. Since 2012, current legislative members and legislative employees have been required to file their FDS with the Legislative Ethics Commission ("LEC") on May 15 of each year, which are then submitted by the LEC to the Commission by June 30. The Commission continues to track and review these statements.

As prescribed in Executive Law § 94, the Commission posts the financial disclosure statements submitted by the four statewide elected officials and all members of the Legislature to its website. Other filed FDSs are available for public review upon request. Further, pursuant to Public Officers Law § 73-a(2)(d), the Commission must identify and post on its website a list of candidates for State office who have not timely filed. Public Officers Law § 73-a(2)(a)(iii) - (vii) requires that each candidate for statewide elected office or the Legislature, within 10 days of becoming a candidate, file an FDS with the LEC. The LEC forwards each such candidate's FDS and a list of required filers to the Commission.

The Commission pursues compliance with the filing requirement in accordance with Executive Law § 94 (12). Accordingly, if an individual fails to timely file an FDS or files an incomplete FDS, the Commission issues a confidential notice alerting the individual to the failure and providing a period of time to cure the defect. If the individual fails to cure, then the Commission publicly issues a notice of delinquency, which is published on the Commission's website and sent to the individual's appointing authority. The Commission may then pursue an enforcement action against the individual under Executive Law § 94 (13).

In certain circumstances, the Commission may grant an exemption from filing to individuals who earn above the filing rate. An exemption request may be submitted either by an individual or by a state agency or employee organization on behalf of a group of individuals who share the same job title or employment classification. The Commission, in its discretion, may grant an exemption if the public interest does not require disclosure, and the individual's job duties do not involve negotiating, authorizing, or approving:

- contracts, leases, franchises, or similar matters;
- the purchase, sale or rental of real property, goods, or services;
- the obtaining of grants of money or loans; or,
- the adoption or repeal of rules or regulations having the force and effect of law.

2018 Compliance and Enforcement

The Commission processed more than 30,000 individual FDS filings, approximately 92-percent of which were filed electronically. Separately, the Commission processed more than 4,700 paper FDS forms filed by members and employees of, and candidates for, the Legislature. In total, the Commission processed approximately 35,000 FDS filed by Statewide elected officials, Executive Branch officers and employees, and Legislative Branch officers, employees, and candidates. The Commission also received more than 3,200 short-form filings from the Legislature. Employees that do not meet the requirement to file the FDS form are required to file a short-form consisting of four questions related to the current year.

The Commission issued a total of 5,197 Failure to File notices in 2018 pursuant to Executive Law § 94 (12).

With respect to Executive Branch filers, the Commission sent more than 3,200 confidential failure to file notices to filers who did not file by the May 15 deadline or within 30 days of hiring. The Commission sent more than 1,700 confidential failure to file notices to academic filers who did not file by the November 15 deadline. With significant outreach efforts by Commission staff and the cooperation of individual agencies, by the end of 2018, Commission staff achieved nearly 100-percent compliance with respect to these filers, with fewer than five delinquent filers remaining at the end of the year. Approximately 15-percent of required filers were delinquent in submitting their statement timely.

Of the 368 agencies that are under the jurisdiction of the Commission, the average delinquency rate was 14 percent. Ninety-six agencies had a 0 percent delinquency rate; in other words, 100 percent of those agencies' filers timely filed. Fifteen agencies had a 50 percent or higher delinquency rate; however, the majority of those agencies have fewer than 10 filers. For example, one agency, the Municipal Assistance Corporation for the City of Troy, had a 100-percent delinquency rate, but it only has three required filers. The New York City Transit Authority (NYCTA) had the most delinquent filers at 300, but it has the most filers at

2,610. NYCTA only has an 11 percent delinquency rate, which is better than average. The full snapshot of agency statistics is available in Appendix B to this report.

Two hundred eighty-seven candidates ran for Senate and Assembly seats. Candidates for State elected office are required to file within 10 days of the deadline for filing nominating petitions or the meeting of the party committee at which they are nominated. The Commission sent 207 confidential failure to file notices to candidates who did not file within the 10-day filing period. There were 31 candidates for statewide office (i.e., Governor, Lt. Governor, Comptroller and Attorney General). The Commission sent seven confidential failure to file notices to candidates who did not file within their 10-day filing period. Commission staff achieved almost 100-percent compliance with candidates.

Based on the compliance work that was done in 2018, the Commission pursued and resolved enforcement actions with four delinquent FDS filers, including two legislative candidates, by entering into substantial basis investigation report and settlement agreements, which can be seen on our website, jcope.ny.gov; go to the 'Investigations' tab on the main menu, then click on 'Enforcement Actions' from the drop-down menu below it.

Random and Targeted Review Program for FDS

Pursuant to Executive Law § 94, the Commission conducts comprehensive reviews of FDS through two separate programs. The Random Review Program ascertains compliance with Public Officers Law § 73-a by State officers and employees who are randomly selected for review by an outside vendor. Particular focus is devoted to confirming whether all responses are complete, directly relate to the corresponding questions, and are consistent with internal records maintained by the Commission, including previously filed FDS and request(s) for advisory opinion(s), and related public information. The Targeted Review Program dedicates additional resources to examining the filings of a pre-defined list of required filers based on their position of authority within State government. In these reviews, specific emphasis is devoted to questions that are related to, and/or associated with, outside employment and income (filing individual and spouse), outside positions of authority (filing

individual and spouse), gifts, real estate, and investments. Both review programs ensure that the public has access to complete and accurate information about the financial interests and potential conflicts of State officials and employees.

The FDS Review Unit conducted more than 920 reviews in 2018. The time frame subject to these targeted reviews was the filings for the 2017 and 2016 calendar years (filing submitted in 2018 and 2017, respectively). From those reviews, staff issued more than 210 Request for Additional Information/Notice of Deficiency Letters to filers. A Request for Additional Information Letter notifies reporting individual of any area(s) of concern for which additional information is required. Reporting individuals (and their spouse, where necessary) have made amendments to their filing(s) in response to these notification letters. In 2018, reviews generated more than 750 findings to improve the accuracy and clarity of the Financial Disclosure Statements, or to file amended Statements to correct discrepancies identified in the Review process. As a result of those findings, amendments were made to the Statements reviewed.

INVESTIGATION AND ENFORCEMENT

Overview

The Commission is charged with investigating potential violations of the State’s ethics laws (Public Officers Law §§ 73, 73-a, and 74), the “Little Hatch Act” (Civil Service Law § 107), and the Lobbying Act (Legislative Law Article 1-A). The Commission has jurisdiction to investigate violations of law by officers and employees at State agencies and departments including commissions, boards, public benefit corporations, public authorities, SUNY, CUNY, and the statutory closely-affiliated corporations; the four statewide elected officials and members of the Legislature (and candidates for those offices); employees of the Legislature; certain political party chairpersons; and registered lobbyists and their clients.

Investigations may be conducted on the Commission’s own initiative, based on referrals from other governmental entities, or in response to information provided by the public. The Commission’s procedures for submitting tips and filing complaints alleging violations of the Public Officers Law or the Lobbying Act are available on the Commission’s website at jcope.ny.gov and reportmisconduct.ny.gov or by calling the hotline, 1-800-87-ETHICS.

That said, not all investigative matters warrant enforcement action. In some cases, based on the facts, the Commission concluded that the public interest would be better served by providing education and guidance to prevent future violations. The Commission continues to exercise its discretion to resolve some investigative matters with “guidance letters” setting forth the appropriate legal and regulatory considerations to guide future conduct.

The Commission maintains relationships with law enforcement partners and with agencies, agency counsel, ethics officers, and other agency personnel, coordinating efforts when appropriate. The Commission also collaborates with State agencies to efficiently resolve disciplinary matters that involve violations under the Commission’s jurisdiction.

Pursuant to Executive Law § 94, before commencing an investigation, the Commission must provide the person or entity who is the subject of allegations with notice of any alleged

violation of law and a fifteen-day period in which to respond. This notice is commonly referred to as a “fifteen-day letter.” The fifteen-day letter must describe the possible or alleged violations of law and must include a “description of the . . . evidence, if any, supporting such allegations, provided however that [the Commission] shall redact any information that might, in the judgment of the [C]ommission, be prejudicial to either the complainant or the investigation. . . .” Following the issuance of a fifteen-day letter, the Commission must vote on whether to commence a full investigation to determine if a substantial basis exists to conclude that a relevant law has been violated.

After conducting an investigation, the Commission will issue a “Notice of Substantial Investigation and Hearing.” This will include, among other things, notice of a hearing to be conducted before an independent and randomly selected hearing officer, notice of the right to be heard on the allegations against respondent, and the factual basis for the alleged violations of law. In addition, at least seven days before the hearing, the Commission will provide to the respondent any additional evidence supporting the allegations, which was not set forth in the fifteen-day letter, in sufficient detail to enable the respondent to respond.

The hearing officer will make proposed findings of fact and recommendations as to a penalty, if any, in a report to the Commission. The parties will have the right to respond to the hearing officer’s report within 30 days of its issuance, and Commission staff will also submit a proposed “Substantial Basis Investigation Report” (“SBIR”) to the Commission. The Commission must vote on the proposed SBIR within 60 days of its receipt. The Commission may adopt, reverse, remand, and/or dismiss, in whole or in part, any of the findings or recommendations of the hearing officer. The SBIR is the final administrative decision of the Commission and it must be made public.

The Commission has authority to impose penalties for violations by Executive Branch officers and employees, lobbyists, and clients. The Commission has jurisdiction over legislators and legislative employees for purposes of conducting an investigation and a hearing. In the event that the Commission finds a substantial basis to conclude that a member of or candidate for the Legislature, or legislative employee violated the law, it presents its

SBIR to the Legislative Ethics Commission (“LEC”), which may then assess penalties pursuant to its own adjudicatory regulations, which are available on its website at www.legethics.com.

Information concerning the Commission’s enforcement actions, including settlement agreements and SBIRs, is published on the Commission’s website.

2018 Review and Disposition of Investigative Matters

The Commission processed 257 matters in 2018. In general, allegations covered a broad range of potential violations of the Public Officers Law, including conflicts of interest, improper gifts, nepotism, failure to file financial disclosure statements, and post-employment issues. In addition, some matters involved alleged violations of the Lobbying Act, including improper gifts, failure to register as a lobbyist, and failure to submit required filings.

In 2018, the Commission issued 35 fifteen-day letters, commenced 27 investigations, and settled 10 matters. Of the 35 fifteen-day letters, 6 were sent to members/employees of the Legislature, 3 were sent to candidates for the Legislature, 19 went to current and former Executive Branch officials/employees, and 7 were sent to registered lobbyists or clients of registered lobbyists. Of the 27 investigations that were commenced, 17 involved current and former Executive Branch officials/employees, 7 involved registered lobbyists or clients of registered lobbyists, and 3 involved members/employees of the Legislature or candidates for the Legislature. Of the 27 investigations commenced by the Commission, all but three were by a unanimous vote. At the end of 2018, the Commission had 38 open investigations (18 relating to current and former Executive Branch officials/employees, 13 relating to lobbying entities, and 7 relating to members/employees of the Legislature or candidates for the Legislature) and 93 matters pending review.

The Commission’s investigations and enforcement actions in 2018 resulted in penalties totaling \$73,037. As mentioned above, the Commission entered into settlement agreements to resolve 10 matters, 6 involving violations of the Public Officers Law by Executive Branch employees and four involving alleged violations of the Lobbying Act by registered lobbyists or their clients. These enforcement actions encompassed a range of violations, including

abuse of office, accepting prohibited gifts, improper use of state resources, and failing to file required disclosures with the Commission.

In 2018, the Commission reached settlement agreements with two lobbying organizations and individual lobbyists over alleged Lobbying Act violations related to donations made by them to the Campaign for One New York (“CONY”). CONY is a not-for-profit corporation formed in late 2013 by three former campaign officials of City of New York Mayor Bill De Blasio (“the Mayor”) from which the Mayor sought and obtained support for his legislative and policy objectives. These settlements arose out of an investigation opened in 2015 in which the Commission learned of lobbyists and clients of lobbyists who, while actively lobbying New York City officials, including the Mayor, donated to CONY at the request of either the Mayor or Ross Offinger, Treasurer at CONY and the Mayor’s campaign treasurer. Following the March 2017 announcement by the Acting United States Attorney for the Southern District of New York that it had completed its investigation into fundraising by and on behalf of the Mayor (including CONY’s activities) and would not be filing criminal charges, the Commission resumed investigating these matters under its mandate to regulate the activities of lobbyists and their clients in New York State. While the Commission approved the two settlements summarized below, the Commission’s investigation relating to donations to CONY is continuing.

Lobbyist James F. Capalino, individually and on behalf of his business, James F. Capalino and Associates, Inc., agreed to pay \$40,000 to settle the Commission’s investigation into allegations of Lobbying Act violations. Capalino admitted that in or about April 2015, Mayor Bill de Blasio directly solicited his support of the work of CONY, and advised Capalino that then-CONY treasurer Ross Offinger would contact him. In May 2015, Capalino contributed \$10,000 to CONY and obtained a further \$90,000 in contributions to CONY from nine of his lobbying clients. Soon after, Capalino worked with Offinger to arrange a meeting among those clients, Capalino, and the Mayor that took place in September 2015. Capalino was retained by those clients to lobby the City of New York, the Mayor, and his senior staff.

In the second settlement, New Yorkers for Clean, Livable, and Safe Streets (“NYCLASS”), its co-founder and president Steven Nislick, and board member Wendy Neu, settled allegations

that they had violated the Lobbying Act. NYCLASS agreed to pay \$10,000 to settle the Commission’s inquiry into the allegations. NYCLASS, Nislick, and Neu admitted that in 2014, while they lobbied New York City officials and the Mayor on issues related to the horse carriage industry and replacing those carriages with electric-powered vehicles, Nislick was asked by the Mayor to donate to CONY, and Nislick in turn asked Neu to donate. Both agreed to donate \$25,000, which Neu did, but Nislick was told by Offinger that his donation could not be accepted because the Mayor had solicited him directly. The next year, Nislick gave \$50,000 to CONY, and Neu made a second donation of that same amount. NYCLASS admitted it failed to register with the Commission as a lobbyist, and filed the appropriate documents as part of the settlement.

APPENDIX A: EXECUTIVE LAW § 94

Joint commission on public ethics; functions, powers and duties; review of financial disclosure statements; advisory opinions; investigation and enforcement.

1. There is established within the department of state a joint commission on public ethics which shall consist of fourteen members and shall have and exercise the powers and duties set forth in this section with respect to statewide elected officials, members of the legislature and employees of the legislature, and state officers and employees, as defined in sections seventy-three and seventy-three-a of the public officers law, candidates for statewide elected office and for the senate or assembly, and the political party chairman as that term is defined in section seventy-three-a of the public officers law, lobbyists and the clients of lobbyists as such terms are defined in article one-A of the legislative law, and individuals who have formerly held such positions, were lobbyists or clients of lobbyists, as such terms are defined in article one-A of the legislative law, or who have formerly been such candidates. This section shall not be deemed to have revoked or rescinded any regulations or advisory opinions issued by the legislative ethics commission, the commission on public integrity, the state ethics commission and the temporary lobbying commission in effect upon the effective date of chapter fourteen of the laws of two thousand seven which amended this section to the extent that such regulations or opinions are not inconsistent with any law of the state of New York, but such regulations and opinions shall apply only to matters over which such commissions had jurisdiction at the time such regulations and opinions were promulgated or issued. The commission shall undertake a comprehensive review of all such regulations and opinions, which will address the consistency of such regulations and opinions among each other and with the new statutory language, and of the effectiveness of the existing laws, regulations, guidance and ethics enforcement structure to address the ethics of covered public officials and related parties. Such review shall be conducted with the legislative ethics commission and, to the extent possible, the report's findings shall reflect the full input and deliberations of both commissions after joint consultation. The

commission shall, before February first, two thousand fifteen, report to the governor and legislature regarding such review and shall propose any regulatory or statutory changes and issue any advisory opinions necessitated by such review.

2. The members of the commission shall be appointed as follows: three members shall be appointed by the temporary president of the senate, three members shall be appointed by the speaker of the assembly, one member shall be appointed by the minority leader of the senate, one member shall be appointed by the minority leader of the assembly, and six members shall be appointed by the governor and the lieutenant governor. In the event that a vacancy arises with respect to a member of the commission first appointed pursuant to the chapter of the laws of two thousand eleven which amended this subdivision by a legislative leader, the legislative leaders of the same political party in the same house shall appoint a member to fill such vacancy irrespective of whether that legislative leader's political party is in the majority or minority. Of the members appointed by the governor and the lieutenant governor, at least three members shall be and shall have been for at least three years enrolled members of the major political party in which the governor is not enrolled. In the event of a vacancy in a position previously appointed by the governor and lieutenant governor, the governor and lieutenant governor shall appoint a member of the same political party as the member that vacated that position. Prior to making their respective appointments, the governor and the lieutenant governor and the legislative leaders shall solicit and receive recommendations for appointees from the attorney general and the comptroller of the state of New York, which recommendations shall be fully and properly considered but shall not be binding.

No individual shall be eligible for appointment as a member of the commission who currently or within the last three years:

- (i) is or has been registered as a lobbyist in New York state;
- (ii) is or has been a member of the New York state legislature or a statewide elected official or a commissioner of an executive agency appointed by the governor; or
- (iii) is or has been a political party chairman, as defined in paragraph (k) of subdivision one of section seventy-three of this article.

No individual shall be eligible for appointment as a member of the commission who currently or within the last year is or has been a state officer or employee or legislative employee as defined in section seventy-three of the public officers law.

3. Members of the commission shall serve for terms of five years; provided, however, that of the members first appointed by the governor and lieutenant governor, one shall serve for one year, one shall serve for two years, one shall serve for three years, and one shall serve for four years, as designated by the governor; the members first appointed by the temporary president of the senate and by the speaker of the assembly shall serve for four years and the members first appointed by the minority leaders of the senate and the assembly shall serve for two years.
4. The governor shall designate the chairman of the commission from among the members thereof, who shall serve as chairman at the pleasure of the governor. The chairman or any eight members of the commission may call a meeting.
5. Any vacancy occurring on the commission shall be filled within thirty days of its occurrence in the same manner as the member whose vacancy is being filled was appointed. A person appointed to fill a vacancy occurring other than by expiration of a term of office shall be appointed for the unexpired term of the member he or she succeeds.
6. Eight members of the commission shall constitute a quorum, and the commission shall have power to act by majority vote of the total number of members of the commission without vacancy except where the commission acts pursuant to subdivision thirteen, subdivision fourteen-a or subdivision fourteen-b of this section.
7. Members of the commission may be removed by the appointing authority solely for substantial neglect of duty, gross misconduct in office, violation of the confidentiality restrictions in subdivision nine-a of this section, inability to discharge the powers or duties of office or violation of this section, after written notice and opportunity for a reply.

8. The members of the joint commission shall receive a per diem allowance in the sum of three hundred dollars for each day actually spent in the performance of his or her duties under this article, and, in addition thereto, shall be reimbursed for all reasonable expenses actually and necessarily incurred by him or her in the performance of his or her duties under this article.

The appointment and removal of the executive director shall be made solely by a vote of a majority of the commission, which majority shall include at least one member appointed by the governor from each of the two major political parties, and one member appointed by a legislative leader from each of the two major political parties. The commission may delegate authority to the executive director to act in the name of the commission between meetings of the commission provided such delegation is in writing, the specific powers to be delegated are enumerated, and the commission shall not delegate any decisions specified in this section that require a vote of the commission. The executive director shall be appointed without regard to political affiliation and solely on the basis of fitness to perform the duties assigned by this article, and shall be a qualified, independent professional. - (g) Receive complaints and referrals alleging violations of section seventy-three, seventy-three-a or seventy-four of the public officers law, article one-A of the legislative law or section one hundred seven of the civil service law;

(h) Permit any person who is required to file a financial disclosure statement with the joint commission on public ethics to request that the commission delete from the copy thereof made available for public inspection and copying one or more items of information which may be deleted by the commission upon a finding by the commission that the information which would otherwise be required to be made available for public inspection and copying will have no material bearing on the discharge of the reporting person's official duties. If such request for deletion is denied, the commission, in its notification of denial, shall inform the person of his or her right to appeal the commission's determination pursuant to its rules governing adjudicatory proceedings and appeals adopted pursuant to subdivision fourteen of this section;

(i) Permit any person who is required to file a financial disclosure statement with the joint commission on public ethics to request an exemption from any requirement to report one or more items of information which pertain to such person's spouse or unemancipated children which item or items may be exempted by the commission upon a finding by the commission that the reporting individual's spouse, on his or her own behalf or on behalf of an unemancipated child, objects to providing the information necessary to make such disclosure and that the information which would otherwise be required to be reported will have no material bearing on the discharge of the reporting person's official duties. If such request for exemption is denied, the commission, in its notification of denial, shall inform the person of his or her right to appeal the commission's determination pursuant to its rules governing adjudicatory proceedings and appeals adopted pursuant to subdivision fourteen of this section;

(i-1) Permit any person required to file a financial disclosure statement to request an exemption from any requirement to report the identity of a client pursuant to question 8(b) in such statement based upon an exemption set forth in that question. The reporting individual need not seek an exemption to refrain from disclosing the identity of any client with respect to any matter he or she or his or her firm provided

- (j) Advise and assist any state agency in establishing rules and regulations relating to possible conflicts between private interests and official duties of present or former statewide elected officials and state officers and employees;

- (k) Permit any person who has not been determined by his or her appointing authority to hold a policy-making position but who is otherwise required to file a financial disclosure statement to request an exemption from such requirement in accordance with rules and regulations governing such exemptions. Such rules and regulations shall provide for exemptions to be granted either on the application of an individual or on behalf of persons who share the same job title or employment classification which the commission deems to be comparable for purposes of this section. Such rules and regulations may permit the granting of an exemption where, in the discretion of the commission, the public interest does not require disclosure and the applicant's duties do not involve the negotiation, authorization or approval of:
 - (i) contracts, leases, franchises, revocable consents, concessions, variances, special permits, or licenses as defined in section seventy-three of the public officers law;
 - (ii) the purchase, sale, rental or lease of real property, goods or services, or a contract therefor;

or the rules, regulations and procedures governing the commission's conduct. Such report shall include: (i) a listing by assigned number of each complaint and referral received which alleged a possible violation within its jurisdiction, including the current status of each complaint, and (ii) where a matter has been resolved, the date and nature of the disposition and any sanction imposed, subject to the confidentiality requirements of this section, provided, however, that such annual report shall not contain any information for which disclosure is not permitted pursuant to subdivision nineteen of this section;

(m) Determine a question common to a class or defined category of persons or items of information required to be disclosed, where determination of the question will prevent undue repetition of requests for exemption or deletion or prevent undue complication in complying with the requirements of such section; and

(n) Promulgate guidelines for the commission to conduct a program of random reviews, to be carried out in the following manner: (i) annual statements of financial disclosure shall be selected for review in a manner pursuant to which the identity of any particular person whose statement is selected is unknown to the commission and its staff prior to its selection; (ii) such review shall include a preliminary examination of the selected statement for internal consistency, a comparison with other records maintained by the commission, including previously filed statements and requests for advisory opinions, and examination of relevant public information; (iii) upon completion of the preliminary examination, the commission shall determine whether further inquiry is warranted, whereupon it shall notify the reporting individual in writing that the statement is under review, advise the reporting individual of the specific areas of inquiry, and provide the reporting individual with the opportunity to provide any relevant information related to the specific areas of inquiry, and the opportunity to file amendments to the selected statement on forms provided by the commission; and (iv) if thereafter sufficient cause exists, the commission shall take additional actions, as appropriate and consistent with law.

9-a. (a) When an individual becomes a commissioner or staff of the commission, that individual shall be required to sign a non-disclosure statement.

(b) Except as otherwise required or provided by law, testimony received or any other information obtained by a commissioner or staff of the commission shall not be disclosed by any such individual to any person or entity outside the commission during the pendency of any matter. Any confidential communication to any person or entity outside the commission related to the matters before the commission may occur only as authorized by the commission.

(c) The commission shall establish procedures necessary to prevent the unauthorized disclosure of any information received by any member of the commission or staff of the commission. Any breaches of confidentiality shall be investigated by the inspector general and appropriate action shall be taken. Any commissioner or person employed by the commission who intentionally and without authorization releases confidential information received by the commission shall be guilty of a class A misdemeanor.

9-b. During the period of his or her service as a commissioner of the commission, each commissioner shall refrain from making, or soliciting from other persons, any contributions to candidates for election to the offices of governor, lieutenant governor, member of the assembly or the senate, attorney general or state comptroller.

10. The commission shall prepare materials and design and administer an ethics training program for individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law with respect to the provisions of sections seventy-three, seventy-three-a, and seventy-four of the public officers law and any other law, administrative regulation, or internal policy that is of relevance to the ethical conduct of such individuals in public service, as follows:

(a) The commission shall develop and administer a comprehensive ethics training course and shall designate and train instructors to conduct such training. Such course shall

be designed as a two-hour program and shall include practical application of the material covered and a question-and-answer participatory segment. Unless the commission grants an extension or waiver for good cause shown, all individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law shall complete such course within two years of the effective date of the chapter of the laws of two thousand eleven which amended this section, or for those individuals elected or appointed after the effective date of the chapter of the laws of two thousand eleven which amended this section, within two years of becoming subject to the financial disclosure requirements of section seventy-three-a of the public officers law.

- (b) The commission shall develop and administer an online ethics orientation course and shall notify all individuals newly subject to the financial disclosure requirements of section seventy-three-a of the public officers law of such course, which shall be completed by such individuals within three months of becoming subject to such requirements, unless the commission grants an extension or waiver for good cause shown. Individuals who have completed the comprehensive ethics training course shall not be required to complete the online ethics orientation course.
- (c) The commission shall develop and administer an ethics seminar or ethics seminars for individuals who have previously completed the comprehensive ethics training course. Such seminars shall be designed as ninety-minute programs and shall include any changes in law, regulation, or policy or in the interpretation thereof, practical application of the material covered, and a question-and-answer segment. Unless the commission grants an extension or waiver for good cause shown, such individuals shall be scheduled to attend a seminar at least once every three years after having completed the comprehensive ethics training course. In lieu of attending an ethics seminar, such individuals may complete a subsequent comprehensive ethics training program.

(d) The provisions of this subdivision shall be applicable to the legislature except to the extent that an ethics training program is otherwise established by the assembly or senate for their respective members and employees and such program meets or exceeds each of the requirements set forth in this section.

(e) On an annual basis, the joint commission in coordination with the legislative ethics commission shall determine the status of compliance with these training requirements by each state agency and by the senate and the assembly. Such determination shall include aggregate statistics regarding participation in such training, and shall be reported to the governor and the legislature in writing.

11. The commission, or the executive director and staff of the commission if responsibility therefor has been delegated, shall inspect all financial disclosure statements filed with the commission to ascertain whether any person subject to the reporting requirements of section seventy-three-a of the public officers law has failed to file such a statement, has filed a deficient statement or has filed a statement which reveals a possible violation of section seventy-three, seventy-three-a or seventy-four of the public officers law.

12. If a person required to file a financial disclosure statement with the commission has failed to file a disclosure statement or has filed a deficient statement, the commission shall notify the reporting person in writing, state the failure to file or detail the deficiency, provide the person with a fifteen day period to cure the deficiency, and advise the person of the penalties for failure to comply with the reporting requirements. Such notice shall be confidential. If the person fails to make such filing or fails to cure the deficiency within the specified time period, the commission shall send a notice of delinquency: (a) to the reporting person; (b) in the case of a statewide elected official, member of the legislature, or a legislative employee, to the temporary president of the senate and the speaker of the assembly; and (c) in the case of a state officer or employee, to the appointing authority for such person. Such notice of delinquency may be sent at any time during the reporting person's service as a statewide elected official, state officer or employee, member of the assembly or the senate, or a legislative employee or a political party chair or while a

candidate for statewide office, or within one year after termination of such service or candidacy. The jurisdiction of the commission, when acting pursuant to subdivision fourteen of this section with respect to financial disclosure, shall continue notwithstanding that the reporting person separates from state service, or ceases to hold public or political party office, or ceases to be a candidate, provided the commission notifies such person of the alleged failure to file or deficient filing pursuant to this subdivision.

13. (a) Investigations. If the commission receives a sworn complaint alleging a violation of section seventy-three, seventy-three-a, or seventy-four of the public officers law, section one hundred seven of the civil service law or article one-A of the legislative law by a person or entity subject to the jurisdiction of the commission including members of the legislature and legislative employees and candidates for member of the legislature, or if a reporting individual has filed a statement which reveals a possible violation of these provisions, or if the commission determines on its own initiative to investigate a possible violation, the commission shall notify the individual in writing, describe the possible or alleged violation of such laws, provide a description of the allegations against him or her and the evidence, if any, supporting such allegations, provided however that the joint commission shall redact any information that might, in the judgment of the commission, be prejudicial to either the complainant or the investigation; the letter also shall set forth the sections of law alleged to have been violated and provide the person with a fifteen day period in which to submit a written response, including any evidence, statements, and proposed witnesses, setting forth information relating to the activities cited as a possible or alleged violation of law. The commission shall, within sixty calendar days after a complaint or a referral is received or an investigation is initiated on the commission's own initiative, vote on whether to commence a full investigation of the matter under consideration to determine whether a substantial basis exists to conclude that a violation of law has occurred. The staff of the joint commission shall provide to the members prior to such vote information regarding the likely scope and content of the investigation, and a subpoena plan, to the extent such information is available. Such investigation shall be conducted if at least eight members of the commission vote to

authorize it. Where the subject of such investigation is a member of the legislature or a legislative employee or a candidate for member of the legislature, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by a legislative leader or leaders from the major political party in which the subject of the proposed investigation is enrolled if such person is enrolled in a major political party. Where the subject of such investigation is a state officer or state employee, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor. Where the subject of such investigation is a statewide elected official or a direct appointee of such an official, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor and be enrolled in the major political party in which the subject of the proposed investigation is enrolled, if such person is enrolled in a major political party.

(b) Substantial basis investigation. Upon the affirmative vote of not less than eight commission members to commence a substantial basis investigation, written notice of the commission's decision shall be provided to the individual who is the subject of such substantial basis investigation. Such written notice shall include a copy of the commission's rules and procedures and shall also include notification of such individual's right to be heard within thirty calendar days of the date of the commission's written notice. If the commission votes to commence a substantial basis investigation, the commission shall provide to the individual a notice setting forth the alleged violations of law and the factual basis for those allegations. The commission shall provide to the individual any additional evidence supporting the allegations not set forth in the letter sent pursuant to paragraph (a) of this subdivision in sufficient detail to enable the individual to respond, at least seven days before the hearing. Such hearing shall afford the individual with a reasonable opportunity to appear in person, and by attorney, give sworn testimony and present evidence. Such hearing shall occur before the commission votes on whether or not to issue a substantial basis report. The commission shall also inform the individual of its rules regarding the conduct of adjudicatory proceedings and appeals and the other due

process procedural mechanisms available to such individual. If the commission determines at any stage that there is no violation, that any potential violation has been rectified, or if the investigation is closed for any other reason, it shall so advise the individual and the complainant, if any in writing within fifteen days of such decision. All of the foregoing proceedings shall be confidential.

(c) The jurisdiction of the commission when acting pursuant to this section shall continue notwithstanding that a statewide elected official or a state officer or employee or member of the legislature or legislative employee separates from state service, or a political party chair ceases to hold such office, or a candidate ceases to be a candidate, or a lobbyist or client of a lobbyist ceases to act as such, provided that the commission notifies such individual or entity of the alleged violation of law pursuant to paragraph (a) of this subdivision within one year from his or her separation from state service or his or her termination of party service or candidacy, or from his, her or its last report filed pursuant to article one-A of the legislative law. Nothing in this section shall serve to limit the jurisdiction of the commission in enforcement of subdivision eight of section seventy-three of the public officers law.

14. An individual subject to the jurisdiction of the commission who knowingly and intentionally violates the provisions of subdivisions two through five-a, seven, eight, twelve or fourteen through seventeen of section seventy-three of the public officers law, section one hundred seven of the civil service law, or a reporting individual who knowingly and willfully fails to file an annual statement of financial disclosure or who knowingly and willfully with intent to deceive makes a false statement or fraudulent omission or gives information which such individual knows to be false on such statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law shall be subject to a civil penalty in an amount not to exceed forty thousand dollars and the value of any gift, compensation or benefit received as a result of such violation. An individual who knowingly and intentionally violates the provisions of paragraph a, b, c, d, e, g, or i of subdivision three of section seventy-four of the public officers law shall be subject to a civil penalty in an amount not to exceed ten thousand dollars and the value

of any gift, compensation or benefit received as a result of such violation. An individual subject to the jurisdiction of the commission who knowingly and willfully violates article one-A of the legislative law shall be subject to civil penalty as provided for in that article. Except with respect to members of the legislature and legislative employees, assessment of a civil penalty hereunder shall be made by the commission with respect to persons subject to its jurisdiction. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor for further investigation. In assessing the amount of the civil penalties to be imposed, the commission shall consider the seriousness of the violation, the amount of gain to the individual and whether the individual previously had any civil or criminal penalties imposed pursuant to this section, and any other factors the commission deems appropriate. Except with respect to members of the legislature and legislative employees, for a violation of this subdivision, other than for conduct which constitutes a violation of section one hundred seven of the civil service law, subdivisions twelve or fourteen through seventeen of section seventy-three or section seventy-four of the public officers law or article one-A of the legislative law, the commission may, in lieu of or in addition to a civil penalty, refer a violation to the appropriate prosecutor and upon such conviction, such violation shall be punishable as a class A misdemeanor. A civil penalty for false filing may not be imposed hereunder in the event a category of "value" or "amount" reported hereunder is incorrect unless such reported information is falsely understated. Notwithstanding any other provision of law to the contrary, no other penalty, civil or criminal may be imposed for a failure to file, or for a false filing, of such statement, or a violation of subdivision six of section seventy-three of the public officers law, except that the appointing authority may impose disciplinary action as otherwise provided by law. The commission may refer violations of this subdivision to the appointing authority for disciplinary action as otherwise provided by law. The commission shall be deemed to be an agency within the meaning of article three of the state administrative procedure act and shall adopt rules governing the conduct of adjudicatory proceedings and appeals taken pursuant to a proceeding commenced under

article seventy-eight of the civil practice law and rules relating to the assessment of the civil penalties herein authorized and commission denials of requests for certain deletions or exemptions to be made from a financial disclosure statement as authorized in paragraph (h) or paragraph (i) of subdivision nine of this section. Such rules, which shall not be subject to the approval requirements of the state administrative procedure act, shall provide for due process procedural mechanisms substantially similar to those set forth in article three of the state administrative procedure act but such mechanisms need not be identical in terms or scope. Assessment of a civil penalty or commission denial of such a request shall be final unless modified, suspended or vacated within thirty days of imposition, with respect to the assessment of such penalty, or unless such denial of request is reversed within such time period, and upon becoming final shall be subject to review at the instance of the affected reporting individuals in a proceeding commenced against the commission, pursuant to article seventy-eight of the civil practice law and rules.

- 14-a. The joint commission on public ethics shall have jurisdiction to investigate, but shall have no jurisdiction to impose penalties upon members of or candidates for member of the legislature or legislative employees for any violation of the public officers law. If, after its substantial basis investigation, by a vote of at least eight members, two of whom are enrolled members of the investigated individual's political party if the individual is enrolled in a major political party and were appointed by a legislative leader of such political party, the joint commission on public ethics has found a substantial basis to conclude that a member of the legislature or a legislative employee or candidate for member of the legislature has violated any provisions of such laws, it shall present a written report to the legislative ethics commission, and deliver a copy of the report to the individual who is the subject of the report. Such written report shall include:
- (a) the commission's findings of fact and any evidence addressed in such findings; conclusions of law and citations to any relevant law, rule, opinion, regulation or standard of conduct upon which it relied; and

(b) a determination that a substantial basis exists to conclude that a violation has occurred, and the reasons and basis for such determination.

The joint commission shall also separately provide to the legislative ethics commission copies of additional documents or other evidence considered including evidence that may contradict the joint commission's findings, the names of and other information regarding any additional witnesses, and any other materials. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the joint commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor.

14-b. With respect to the investigation of any individual who is not a member of the legislature or a legislative employee or candidate for member of the legislature, if after its investigation the joint commission has found a substantial basis to conclude that the individual has violated the public officers law or the legislative law, the joint commission shall send a substantial basis investigation report containing its findings of fact and conclusions of law to the individual. With respect to an individual who is a statewide elected official or a direct appointee of such an official, no violation may be found unless the majority voting in support of such a finding includes at least two members appointed by the governor and lieutenant governor and enrolled in the individual's major political party, if he or she is enrolled in a major political party. Where the subject of such investigation is a state officer or employee who is not a direct appointee of a statewide elected official, at least two of the eight or more members who vote to issue a substantial basis investigation report must have been appointed by the governor and lieutenant governor. The commission shall release such report publicly within forty-five days of its issuance.

14-c. With respect to an investigation of a lobbyist, if after its investigation the joint commission has found a substantial basis to conclude that the lobbyist has violated the legislative law, the joint commission shall issue a substantial basis investigation report

containing its findings of fact and conclusions of law to the lobbyist and shall make public such report within forty-five days of its issuance.

15. A copy of any notice of delinquency or substantial basis investigation report shall be included in the reporting person's file and be available for public inspection and copying pursuant to the provisions of this section.

16. Upon written request from any person who is subject to the jurisdiction of the commission and the requirements of sections seventy-three, seventy-three-a or seventy-four of the public officers law, other than members of the legislature, candidates for member of the legislature and employees of the legislature, the commission shall render written advisory opinions on the requirements of said provisions. An opinion rendered by the commission, until and unless amended or revoked, shall be binding on the commission in any subsequent proceeding concerning the person who requested the opinion and who acted in good faith, unless material facts were omitted or misstated by the person in the request for an opinion. Such opinion may also be relied upon by such person, and may be introduced and shall be a defense, in any criminal or civil action. Such requests shall be confidential but the commission may publish such opinions provided that the name of the requesting person and other identifying details shall not be included in the publication.

17. In addition to any other powers and duties specified by law, the commission shall have the power and duty to:
 - (a) Promulgate rules concerning restrictions on outside activities and limitations on the receipt of gifts and honoraria by persons subject to its jurisdiction, provided, however, a violation of such rules in and of itself shall not be punishable pursuant to subdivision fourteen of this section unless the conduct constituting the violation would otherwise constitute a violation of this section; and
 - (b) Administer and enforce all the provisions of this section; and
 - (c) Conduct any investigation necessary to carry out the provisions of this section.Pursuant to this power and duty, the commission may administer oaths or

affirmations, subpoena witnesses, compel their attendance and require the production of any books or records which it may deem relevant or material;

18. Within one hundred twenty days of the effective date of this subdivision, the commission shall create and thereafter maintain a publicly accessible website which shall set forth the procedure for filing a complaint with the commission, and which shall contain the documents identified in subdivision nineteen of this section, other than financial disclosure statements filed by state officers or employees or legislative employees, and any other records or information which the commission determines to be appropriate.

19. (a) Notwithstanding the provisions of article six of the public officers law, the only records of the commission which shall be available for public inspection and copying are:
 - (1) the information set forth in an annual statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law except information deleted pursuant to paragraph (h) of subdivision nine of this section;
 - (2) notices of delinquency sent under subdivision twelve of this section;
 - (3) notices of civil assessments imposed under this section which shall include a description of the nature of the alleged wrongdoing, the procedural history of the complaint, the findings and determinations made by the commission, and any sanction imposed;
 - (4) the terms of any settlement or compromise of a complaint or referral which includes a fine, penalty or other remedy;
 - (5) those required to be held or maintained publicly available pursuant to article one-A of the legislative law; and
 - (6) substantial basis investigation reports issued by the commission pursuant to subdivision fourteen-a or fourteen-b of this section. With respect to reports concerning members of the legislature or legislative employees or candidates for member of the legislature, the joint commission shall not publicly disclose or otherwise disseminate such reports except in conformance with the requirements of paragraph of subdivision nine of section eighty of the legislative law.

(b) Notwithstanding the provisions of article seven of the public officers law, no meeting or proceeding, including any such proceeding contemplated under paragraph (h) or (i) of subdivision nine of this section, of the commission shall be open to the public, except if expressly provided otherwise by the commission or as is required by article one-A of the legislative law.

(c) Pending any application for deletion or exemption to the commission, all information which is the subject or a part of the application shall remain confidential. Upon an adverse determination by the commission, the reporting individual may request, and upon such request the commission shall provide, that any information which is the subject or part of the application remain confidential for a period of thirty days following notice of such determination. In the event that the reporting individual resigns his office and holds no other office subject to the jurisdiction of the commission, the information shall not be made public and shall be expunged in its entirety.

20. If any part or provision of this section or the application thereof to any person or organization is adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, such judgment shall not affect or impair any other part or provision or the application thereof to any other person or organization, but shall be confined in its operation to such part or provision.
